NACA - Atlanta
National Association of Chinese Americans

April 3, 2020

Dear members, partners, supporters, and community leaders:

We hope you and your loved ones stay healthy and safe during this unprecedented time of the COVID-19 global pandemic.

As a 501(c)(3) non-profit organization, it's NACA's mission to bridge cultures, build leaders, and benefit communities. During this crisis, we ask for your generosity in making a financial contribution in any amount you feel comfortable. With your contributions, we can join forces in our fight against COVID-19 by providing the necessary supplies and equipment to those in need. Together, we can make a difference.

We have already seen the positive impact from our fundraising efforts so far:

- **In February we raised \$13,000.00 in funds and coordinated the donation of 88,000 surgical masks to hospitals, factories, distribution centers, university campuses, transportation centers, and families throughout China.**
- **As the virus surfaced and moved through Georgia, we distributed 11,000 surgical masks to local hospitals, doctors' offices, nursing homes, police departments, grocery stores, public service workers, and families in need.**

Clearly, as the virus continues to spread at a faster rate, we need to step up our efforts. Therefore, we greatly appreciate your financial contributions so that we can maximize our impact by extending and expanding our assistance to those in critical need of more supplies and equipment.

Specifically, NACA plans to direct all donations to go toward the following:

- **Purchase & Distribution of Personal Protection Equipment (PPE) for hospitals and medical facilities**
 - **Examples: N95 Masks, Gloves, Gowns, Wipes, Hand Sanitizer**
- **Community Impact Programs**
 - **Examples: Student Lunches, Meals for Healthcare & Emergency Workers**

With Warmest Regards,

Your NACA Board
